Other Interview Preparations	My day started off with a very productive workout. As scrothcing heat rised (which is a major issue in Bangalore), I could help myself with a nice Dahi Vada. Attended also a mini Python Demo class conducted by Ishaan near Pyspiders Basvangudi. Also got a few calls regardibg the jobs in other places. Responded with yes and delayed the joining of Pyspiders as it seemed very interesting. Then it was followed by little bit of Aptitude preparation. After that was followed by regaular routine just like any other days. Is there something special for me next?
4/19/2024	Interview Day	Hoping or expecting a rain, but dry weather.	No Night Shift	Full Heat Wave	NA	Started off my day with interview at Mahadevpura. Felt like this company was scam but was assured by HR that it is nothing. Believing that, gave the test. Attended Stellar Innovations Interview at Hoodi Whitefield. Diagreed for the night shifts. Ate lot of Idli and Vada outside. I would call it as a Idli day. Discovered whole area of Hoodi and Garducharpalya. After coming home, since it was Ekadashi ate some Rava Idli for dinner. What is next for me?
4/20/2024	Empty day and cloud of sadness	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	Started off my day with interview at Marathalli. But I decided not to take interview as it was a very similar situation related to interview that happened last year. SCAM! I wonder why I keep getting vibes when I pass through Jayanagar, as if I am forgetting something. And the rest of the day was plain, heated and boredom. As i am on a bech payroll, I cannot attend any other interview.
4/21/2024	A Long road to improvement and career choice	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	Java Hibernate Finished - Knowledge acquired	Very lazy wake up. No workout or not even had mood to do it. Started off my day with by doing the course on Java Hibernate and also completed within evening. As usual, plain and boring day. 4/22/2024	BPO or IT? Part 1	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	MySql workbench course completed	Thinking whether still to join IT or BPO and also thinking whether to work for money or passion. Completed MySql workbench Data Analytics Udemy. The rest of the day was boring and empty. I guess coding has become a part of my life. Uh! 4/23/2024	BPO or IT? Part 2	Hoping or expecting a rain, but dry weather.	No Night Shift	Semi Empty day	NA	Started of my day by going through documentation at Qconnect - Roopena Agarhara. Still deciding! Father is going to take eye surgery. Got to know also that Physicality and Mentality are dependent o each other and also learnt this during after workout. The Rest of the day was empty and also career decision making. Have really got fond of Pokemon game which is Pokemon Masters EX. This game is good and also equivalently good to Pokemon Go. Bench payroll is coming in my way! Will they pay me or not?
4/24/2024	BPO or IT? Part 3	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	It was an empty day and also a very tired, which to my surprise I did'nt do anything much. Decided not to join Qconnect, as there are more decisions to make. IT or BPO? It's killing me since 3 days or a month. Ritu and here family joined us for 'Get together' for a night. From what I have heard, my little sister is preparing for NEET exams. As we roamed around that later evening, she reminded us that how we use to be kids and now we are roaming around like grown adults. How time flies! WWE is getting more boring, but Wrestlemania was little fun to watch. The rest of my day was boredom and emptiness. It was only interesting, after me and Ritu got some chats near Srinivas Cool Corner - Basvangudi. My father eye surgery was also success. Should I go for bench payroll or go ahead with the next job or a path to build my future?
4/25/2024	A trip to Kothnur and visit of old place of Kalena Agarhara	A very heated day	No Night Shift	Outside travel	Revisit of old grounds like Kalena Agarhara	Started of my day with a nice workout in KR park. Ritu and her family were settled here for one night. Elections are tomorrow. But I am not so much interested in these politics section. Still Voting is voting. Had a plan with my friend Chiranth to go for shopping near Kothnur. After my bath, had some 4 Parathas which Kaku had prepared. Lovely Parathas! After nice breakfast started my journey towards Kothnur as per the plan. Called him and he told me that he was already in Marathalli with his friend Akash(24.7 ai) to see HAL museum. He also told me that it was very interesting and they were few amazing things to watch. Wish I could have visited there and in the reference to this statement, he told me that he had no idea that I was travelling through Majestic area. I said it's ok. So, started off my journey after bidding to Ritu and her family. Picked up bus from Netkalpa Circle and headed over to Devegowda Petrol Bunk. Visited my old stopmping grounds where I used to work in Ishtta Techcraft. Rememebered the old times, minor regret and also happier times. Wondered whether people still worked here as I saw the board outside. Then picked up a bus to Banshankri. As I was headed to Banashankri, there was a strange vibes that I got for a few seconds and then it disappeared. Wondered what it is? Proceeded further by taking a metro to Majestic and taking a direct bus to Kalena agarahra. The original plan was to go to Konakunte Cross metro and take a bus to Kothnur from there. As, I just wanted to visit the same road of Bannerghatta and get those vibes again for last year visited on the interview purpose[Brickwork ratings]. Strangely as I called my friend, I heard he was also in Majestic too. Based on what time my friend will reach, I had planned this. It turns out that he reached Majestic, whcih turned out to be an good luck side of mine or else I had travel to Konakunte Cross Station. After a few conversation, met and greeted him. We also were deciding to which bus to pick to save the time and finally we got to pick a bus that goes through Bannerghatta Road and passes through Kalena Agarhara. I got to know that Chiranth came directly from Marathalli to Majestic. Picked up a bus to Kalena Agraphara and also reached within a few hours. We missed our stop and the bus went little ahead. we finally managed to walk a few kilometers that covered up Loyola School and BR Circle and also in middle we had some Ice Cream and Lunch( I had Idli and he had some Chapati), as we were hungry. And also I was happy as my timings were right and I completed my visit again to Kalena Agraphara and the interview buildg was also near. But it's alight as I completed my revisit to Bannerghatta Road and Kalena Agraphara. But still got no vibes, but checked out few places. Also updated this location into my brain, so I do not get confused again. But still I wish , I could have same vibes. Finally after a few kilometers of travel, we finally reached Tex Mark Unit 5 shop. Chiranth did'nt buy anything there but I got myself a shirt and again we stopped at Uttarahalli and try to find clothes. There was no luck for Chiranth, but I got myself 2 shirts again. He tried other shops near that area, but no still no luck. Then travelling from there to Banashankri and then again to Jayanagar, tried few shops there and still no luck. We also went to same shop that Chiranth and I went to shopping and that was the last shop and there was no luck which fits his requirement. He felt little disappointed. He wanted to buy clothes because of occasion whcih is related to his relative's marriage and also wanted to formal clothes. We finally ended our journey at Jayanagar. Bidding to each other, we went in our seperate ways. It was a very long travel with multiple area visit and also long walking in a very summer day. But this trip was refreshing as it was mind change, which was needed most. Other than that< i reached home had some snacks and also Dinner. Then slept nicely. This was first time, I took interest in fashion and also got to spend on my debit card on clothes. In the middle of this travel, I also go a call regarding Interview at Dasarhalli for the IT job. So, it is back again of decision of IT or BPO. Will I be able to crack this interview at Dasarahalli and what type of job is this?

4/26/2024	Dasarahalli Mission Part 1	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	As usual a very exhausting day because of yesterday's travel. Slept 2nd time in afternoon. Started of my topic on Spring Framework Java in evening. The rest of the day was plain and empty. Had booked myself a interview for the role of Software Developer at Dasarahalli for tomorrow. The day was same as usual when compared to rest of the days. There was also Election day for the Legislative Assembly Lok Sabha, where I voted for BJP's candidate Tejaswi Surya. What a handsome guy, Anyways! Will I be able to crack interview at Dasarahalli?
4/27/2024	Dasarahalli Mission Part 2	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	Started of my day by going to the Interview at Dasarahalli. I got down at Dasarahalli which is towards Nagasandra Metro side. Full village area. The interview also took place in small house. A written test was given to me, which was difficult. But I wrote something and then it was followed by a personal interview.. The interview was worst as I tried to explain them but they were not able to understand at all. They were very straightforward and didn't wanted anything extra info. Much of times they did not meet expectations, but I kept on controlling and trying myself. For a little while, I was able to get along with them when I was taking interest in their vacancy. Interview failed. Very frustrated and annoyed, but later that evening, I realized that I was taken too my limit. So, I said it's ok to myself. The rest of the day was boring. There was a rumor, that a new TV is going to be brought. The rest of the day was as usual which is nothing special. New?
4/28/2024	A New member has joined the family - TV	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	As usual it was plain and empty day. I tried to create a Java Project which could help me with the daily chores. But it was not successful. So, within today I closed it. But the project remained in that folder only. Did something different like JS Event Loop, Python Mini project and Basic Web Technology project. We had a celebration for Father's birthday and it was good. But I was not in the mood to celebrate as I was little upset. I don't know why these feelings keeps on coming. But still managed to have a special Lunch. Ritu and her family had also joined us. From his company, father also got a lottery to a brand new TV. It has a very large screen with great features like access to Youtube, Netflix, etc.. I guess I can say there were few mood swings for me. Got to start with fresh day with fresh vibes from the May month.
4/29/2024	Nonni Day	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	The day was simple and nothing to do. As I called myself jobless, mother felt little uncomfortable and told me not to do that. Ritu and her family visited us today again. Me and Ritu played GTA game for a few minutes. Had some nice Veg Puff in evening. There was a technical setup for the new brand TV. Had also some nice special lunch. Didn't feel like coding also. In the morning, had a nice workout. As in the morning, I saw a group of people had setup a stall where they produce variety of juices which are very healthy. I have tasted it before, but today I didn't have money. Google Pay is empty. Apart from a nice dinner with Jeera Rice and Dal, the rest of the day was boredom. As the month has come to end, should I wait for the payroll that was told to me from previous job or should I look for another job?
4/30/2024	Happy Ending!	Hoping or expecting a rain, but dry weather.	No Night Shift	Empty day	NA	Not much of a special day, but had big plans to go outside as it was last day. But plan didn't work as the heat is killing my vibes and also suggested advice from my mother. Did some JS Regular Expression practise in home. Went out for an outside workout this evening. While coming back, had some nice 2 idli and one paper juice - Mango. For Dinner, ate some Maggi and Ice cream for desert. The rest of the day was simple and boredom. I also received a message that bench payroll money of 5000/- approximately today. Little sad and the reason was the thought of getting 15000 atleast. But never mind as I am done with this payroll stuff. Is tomorrow my job hunting? What is it for the May month for me?
